

**Komnino's Law-Information Sharing Form.**

On May 1, 2018 Komnino's Law went into effect in New Jersey. One aspect of the law requires community based providers to implement a policy and procedure for parents/guardians to exchange contact information with other parents/guardians within the program where services are provided.

Parents/guardians may "opt out" of sharing contact information, or determine what contact information they wish to share.

Please identify below what, if any, contact information you would like to be shared with other parents/guardians of participants enrolled in this program.

***Please check one of the two options below:***

- Please share only the contact information provided below with other parents/guardians of participants enrolled in this program.
  
- I prefer to "Opt Out" – I do not wish to have any of my contact information shared by Allies, Inc. with other parents/guardians of participants enrolled in this program.
